

The X-Games of Upper Extremity Trauma

The Philadelphia Meeting
March 6 – 8, 2010

The Hand Rehabilitation Foundation is proud to present in 2010 the 12th Annual Hand Surgery Symposium entitled **The X-Games of Upper Extremity Trauma**. Based on the widely acclaimed symposium first held in 1999, this meeting will provide a comprehensive exploration of common wrist problems and management presented by an internationally renowned faculty. Didactic presentations will provide the framework, and cadaver surgery demonstrations will provide the picture of anatomy and techniques of management with unparalleled clarity. Exhibitor sponsored bioskills labs will be offered as in previous years to provide to a captive audience demonstrations and hands-on experience with the latest in technology for hand, wrist and elbow surgery.

Target Audience: Hand Surgeons, Orthopaedic Surgeons, Plastic Surgeons, Microsurgeons

◆ **Bioskills Lab** ◆
Intent to Participate

1. Sunday, March 7, 2010 – 11:00 am – 12:00 pm
