WELCOME! You are invited to join the Hand Rehabilitation Foundation as we host the **50th Annual Surgery and Rehabilitation of the Hand**. Widely recognized as one of the best continuing education meetings for therapists worldwide, the meeting is attended by a national and international audience of hand therapists of all levels of experience. Each year, the therapists rate the exhibitor program as a highly valued aspect of the program. A generous amount of unopposed time for the attendees to visit the exhibit booths is incorporated in the program schedule. Help us to advance the field of upper extremity care and rehabilitation through exhibition, sponsorship and advertising. Market your products at this focused, didactic course to a select group of hand therapists. These marketing opportunities are limited so please register early to obtain priority scheduling and placement of your booth.
